

BOITUMELO VILAKAZI

FRONTEND DEVELOPER

062 518 2590

boityy.js@gmail.com

Johannesburg, Gauteng

I am Boitumelo but I usually prefer to go by Boity! Over and above technology and its advancements, I love reading philosophical books as well as learning (spoken ;)) languages in my free time. I am currently learning Mandarin because I think it's diverse and I enjoy the challenge of learning to read and write new characters.

EDUCATION

2016 - 2021

Ashton International College

Secondary School

2023

SheCodes

Frontend Development

SKILLS

- React.js
- Node.js
- HTML
